

End-User License Agreement (EULA) of Kubesafe

This End-User License Agreement ("EULA") is a legal agreement between you and Kubesafe Inc.

This EULA agreement governs your acquisition and use of Kubesafe software ("Software") directly from Kubesafe Inc. or indirectly through a Kubesafe Inc. authorized reseller or distributor (a "Reseller").

Please read this EULA agreement carefully before completing the installation process and using the Software. It provides a license to use the Software and contains warranty information and liability disclaimers.

If you register for a free trial of the Software, this EULA agreement will also govern that trial. By clicking "accept" or installing and/or using the Software, you are confirming your acceptance of the Software and agreeing to become bound by the terms of this EULA agreement.

If you are entering into this EULA agreement on behalf of a company or other legal entity, you represent that you have the authority to bind such entity and its affiliates to these terms and conditions. If you do not have such authority or if you do not agree with the terms and conditions of this EULA agreement, do not install or use the Software, and you must not accept this EULA agreement.

This EULA agreement shall apply only to the Software supplied by Kubesafe Inc. herewith regardless of whether other software is referred to or described herein. The terms also apply to any Kubesafe Inc. updates, supplements, Internet-based services, and support services for the Software, unless other terms accompany those items on delivery. If so, those terms apply.

License Grant

Kubesafe Inc. hereby grants you a personal, non-transferable, non-sublicensable, non-exclusive license to use the Software during the Subscription Term, solely for Licensee's internal use, in executable object code format only, in accordance with the Documentation and with the terms of this EULA agreement.

You are permitted to deploy the Software on devices (such as Kubernetes clusters) under your control. You are responsible for ensuring your devices meet the minimum requirements of the Software.

You are not permitted to:

- Edit, alter, modify, adapt, translate or otherwise change the whole or any part of the Software nor permit the whole or any part of the Software to be combined with or become incorporated in any other software, nor decompile, disassemble or reverse engineer the Software or attempt to do any such things
- Reproduce, copy, distribute, resell or otherwise use the Software for any commercial purpose
- Allow any third party to use the Software on behalf of or for the benefit of any third party
- Use the Software in any way which breaches any applicable local, national or international law
- Use the Software for any purpose that Kubesafe Inc. considers is a breach of this EULA agreement

Third Party and Open Source Software -The Software may be distributed with or contain or use certain third party proprietary software ("Third Party Software") and certain "open source software" or

“free software” (“Open Source Software”), which may be identified in the Documentation or by other means. Such Third-Party Software and Open Source Software are (i) not subject to the terms and conditions of License Grant or (ii) Indemnification and (iii) licensed under the terms of the end-user license that accompanies such software.

Use Restrictions. Licensee shall not (and shall not allow any third party to), except to the extent expressly authorized in writing by Kubesafe: (a) decompile, disassemble, or otherwise reverse engineer the Software or attempt to reconstruct or discover any source code, underlying ideas, algorithms, file formats or programming interfaces of the Software by any means whatsoever (except and only to the extent that applicable law prohibits or restricts reverse engineering restrictions, and then only with prior written notice to Kubesafe); (b) commercialize, distribute, sell, sublicense, rent, lease or use the Software (or any portion thereof) for time sharing, hosting, service provider or like purposes; (c) remove any product identification, proprietary, copyright or other notices contained in the Software (including any reports or data printed or exported from the Software); (d) modify any part of the Software, create a derivative work of any part of the Software, incorporate or embed the Software into or with other software, or use the Software (or any part thereof) to provide any product or service to a third party; (e) publicly disseminate performance information or analysis (including, without limitation, benchmarks) from any source relating to the Software; (f) use the Software if Licensee is a direct competitor of Kubesafe, except with Kubesafe’s prior written consent; (g) use the Software for or on behalf of public cloud service providers; or (h) offer the Software as part of Licensee’s solution within the Licensee’s client environment, where Licensee is a consulting company.

Intellectual Property and Ownership

Kubesafe Inc. shall at all times retain ownership of the Software as originally downloaded by you and all subsequent downloads of the Software by you. Kubesafe and Third-Party Software are licensed and not sold to Licensee. The Software (and the copyright, and other intellectual property rights of whatever nature in the Software, including any modifications made thereto) are and shall remain the property of Kubesafe Inc.

Kubesafe Inc. reserves the right to grant licenses to use the Software to third parties.

Disclaimer

The software and accompanying documentation are provided on an “as is” basis without warranty of any kind, express or implied. Kubesafe Inc. specifically disclaim all other warranties for the software and related services, whether express, implied or statutory, including the implied warranties of merchantability, fitness for a particular purpose, title and non-infringement. Licensee agrees that neither Kubesafe nor its suppliers make any warranty that the software will be error free, operate without interruption or will fulfill any of licensee’s particular purposes or needs. No oral or written advice given by Kubesafe Inc., its dealers, distributors, agents or employees shall create a warranty or in any way increase the scope of this warranty.

Liability Limitation

The liability of Kubesafe Inc. and any third party that has been involved in the creation, production, or delivery of the Software for all damages arising out of or in any way relating to the full version, the trial version, and/or this EULA shall in no event exceed the amount actually paid by licensee to Kubesafe during the prior twelve (12) months under this agreement.

In no event shall either party (or Kubesafe’s suppliers) be liable for any lost profits, any loss of use, lost data, failure of security mechanisms, interruption of business, or indirect, special, incidental,

reliance, exemplary or consequential damages of any kind, arising out this agreement, regardless of the theory of liability, even if advised of the possibility of such damages.

The Licensee agree that the limitations specified in this section will survive and apply even if any limited remedy specified in this agreement is found to have failed of its essential purpose and to the extent permitted by applicable law.

Termination

This EULA agreement is effective from the date you first use the Software and shall continue until terminated. You may terminate it at any time upon written notice to Kubesafe. Kubesafe may also terminate it at any time upon written notice to you.

It will also terminate immediately if you fail to comply with any term of this EULA agreement. Upon such termination, the licenses granted by this EULA agreement will immediately terminate and you agree to stop all access and use of the Software. The provisions that by their nature continue and survive will survive any termination of this EULA agreement.

Termination Effect. Upon any such termination, Licensee shall (a) immediately cease using the applicable Software and Documentation, and (b) certify to Kubesafe within fifteen (15) days after termination that Licensee has destroyed, or has returned to Kubesafe, such Software and Documentation, and all copies thereof

CONFIDENTIALITY

Each party agrees (a) to hold in confidence and protect such Confidential Information from dissemination to, and use by, any third party by using the same degree of care, but no less than a reasonable degree of care, as the Recipient uses to protect its own Confidential Information of a like nature against unauthorized dissemination and use, (b) not to disclose such Confidential Information to any third parties, except as described herein and (c) not to use any Confidential Information except for the purposes of this Agreement. Each party may disclose the other party's Confidential Information to its responsible employees and contractors with a bona fide need to know, but only to the extent necessary to carry out the purposes of this Agreement, and only if such employees and contractors are subject to nondisclosure obligations sufficient to protect the other party's Confidential Information hereunder.

Exceptions. The restrictions set forth in this section will not apply to any Confidential Information that the Recipient can demonstrate (a) was known to it prior to its disclosure by the Discloser; (b) is or becomes publicly known through no wrongful act of the Recipient; (c) has been rightfully received from a third party authorized to make such disclosure without restriction; or (d) is independently developed by the Recipient without reference or use to Discloser's Confidential Information.

Governing Law

This EULA agreement, and any dispute arising out of or in connection with this EULA agreement, shall be governed by and construed in accordance with the laws of California, USA.
